

Resurrection Egg Hunt Clues

Please help and guide your class to the six pre-determined stops to gather the symbols of the Resurrection Story. At each stop you will find and pick up a color coded package for your class. When you finish all 6 stops, you will return to your classroom and help students assemble their Resurrection Egg carton. Please begin the hunt at the stop that corresponds with your grade; this will prevent everyone going to the same clue stop at the same time, ex. first grade will start with clue #1, second grade with clue #2, etc. Kindergarten will partner with 7th & 8th grade students.
